Subject: Voter ID bills

Att'n: Election Committee Members

I write with great concern over the Voter Identification bills your committee is considering (HB 6066, 6067, and 6068). I have lived in Michigan for over 20 years, and I have voted in virtually every election during that period. Voting is a fundamental right, and greater voter turnout helps strengthen our democracy by ensuring that government does work that is supported by its constituents.

I oppose the recent Voter ID proposals (HB 6066, 6067, and 6068), and I write to you to urge you to oppose them as well.

It would be a shame if the state of Michigan enacted legislation designed to make voting more difficult. Please, instead, propose and support legislation to make voting easier, like early voting, no-reason absentee voting, and a legislative return to straight-ticket voting for those who know they support one party and want to save time and thus shorten voting lines.

I appreciate your time and your service to the state of Michigan.

Sincerely,
Amy McCormick
